b. Via Vendor

End Users should contact an approved MTS **vendor** for more information.

2. End User - Non-Display Usage

A Non-Display Usage licence is required for the use or processing of any MTS Real-Time Data in applications, programs, products and services (other than for display purposes), or for the creation of any calculated output including derived data as defined in the MTS Data Policy Schedule.

a. Direct Via MTS:

The following fees shall apply for the right to source MTS Real-Time Data for non-display usage via direct connection to the MTS System in the form of a raw data feed.

All Issuers	Annual Fee
MTS Cash Markets	€65,000
BondSpot	To be communicated by MTS to end-user
MTS BondVision	€65,000

All Issuers	Monthly Fee per Access ³
MTS Cash Markets	€150
MTS BondVision	€250

³ For the avoidance of doubt, the monthly fee per Access is on top of the annual non-display license fee charged to the End User by the Licensor

Optional - MTS SDP Protocol Java API⁴ is now available at an annual flat fee of €2,400.

a. Via Vendor:

The following fees shall apply for the right to source MTS Real-Time Data for non-display usage via Vendors⁵:

All Issuers	Annual Fee	
	Package 1	Package 2
MTS Cash Markets	€65,000	€15,000
BondSpot	To be communicated by MTS to end-user

MTS Repo	N/A	15,000

All Issuers	Monthly Fee per Access ⁶
MTS Cash Markets	€150
MTS BondVision	€250

Package 1: Algorithmic trading

Any internal usage of the MTS Real-Time Data in electronic trading systems for the sole purpose of generating orders or executing transactions in an automated and/or semi-

⁴ The MTS SDP Protocol Java API allows End User's developers to build SDP (i.e., the native binary MTS protocol) client applications in Java language. It implements the SDP Protocol Stack and provides an interface to exchange data with MTS electronic markets (CMF, BONDVISION, MMF, PAF). It also allows the End User to load a target market dictionary file, create and manage messages based on the structures defined in this dictionary

⁵ Note: for the avoidance of doubt the End User will pay a monthly per Access fee for MTS Real-Time Data Display Usage to the Vendor directly. End User will pay the annual Non-Display license fee and monthly per access fee for the reported number of non-display usage Accesess directly to Licensor.

⁶ For the avoidance of doubt, the monthly fee per Access is on top of the annual non-display license fee charged to the End User by the Licensor

automated manner, such as the use of the MTS Real-Time Data for algorithmic trading, program trading or the automated monitoring of trading activities, quantitative analysis and for designing algorithmic trading strategies in any back-testing tools and for any other Non-Display use of MTS Real-Time Data.

Package 2: Specific Activity Usage

Any internal usage of the MTS Real-Time Data such as risk management (also end of day), fund administration, portfolio management, compliance, account or audit activities for internal use.

3. Vendor - Redistribution

Vendor Licence Fee⁷

Number of Accesses	Annual Fee
1 - 40	€40,000
41 - 100	€50,000
101 - 200	€60,000
201 - 500	€100,000
501 - 800	€150,000
801+	€175,000

End-User Fee charged to Vendor

Market	Monthly Fee per Access
Cash	€140
BondSpot	€60
Repo	€100
BV	€200
BV Composite	€180 ⁸

⁷ An annual BV Composite redistribution fee of €20,000 applies to the Vendors that redistribute **only** this data. Otherwise, the redistribution of BV Composite is included in the Vendor License fee.

⁸ BV Composite End-user fee (via vendor) is not applicable to dealers that are participants on BondVision.
